SUMMARY

I'm excited about the opportunity to start my career in IT, where I can help optimize systems using my experience. I look forward to contributing to the team's success and see this role as a great chance to grow my career and enhance my technical skills.

WORK EXPERIENCE

Intern

May-2024-Present

IBM

During my virtual internship at IBM, I gained hands-on experience in data analysis within an AI project. My role involved collecting, cleaning, and analyzing large datasets to extract actionable insights. I collaborated with the development team to optimize AI model performance by providing data-driven recommendations. This experience enhanced my skills in data visualization, statistical analysis, and working with machine learning algorithms.

Data Entry Operator

Aug-2019-Nov-2021

CSC Center Borsi, Chhattisgarh

As a Data Entry Operator, I helped to managed and processed large volumes of data with accuracy and efficiency. My responsibilities included entering, verifying, and updating data into systems, ensuring data integrity and consistency. I maintained organized records and assisted in generating reports for stipend claim of each company. This role honed my attention to detail and ability to work under tight deadlines.
